

November 2020

*I have said these things to you, that in me you may have peace.
In the world you will have tribulation. But take heart;
I have overcome the world.*

John 16:33

COVID-19 – As COVID-19 continue to spread, more and more people suffer all around the world. Please pray for these families, that God’s protection would be upon them. Pray for world governments, that God would guide them and give them wisdom in responding and implementing precautions.

Please pray also for our partners around the world, as we continue to work together in serving and reaching out to the most vulnerable. Pray for our Tearfund family, especially in France, UK, Netherlands, and Belgium as some staff have suffered personal losses from COVID-19.

Tanzania – We join our partners in Tanzania as they give praise to the Lord for the good harvest this year. Pray also for the Tanzanian national elections at the end of October, that the election gatherings do not cause an outbreak of COVID-19. Pray that God’s wisdom and guidance would be with the elected government as they lead the country.

DR Congo – Please continue to pray for peace and security in the DRC, as many citizens still fear for violence from the rebel groups. Pray also for the people’s safety and good health as they still face the pandemic in the midst of all the tension. Pray for the families suffering, that God’s grace and comfort would be upon them.

Ethiopia – We praise God together with our partner in Ethiopia for the success and completion of Conservation Agriculture and Savings Group projects that has made a huge impact to over 10,000 families. Although, please continue to be in prayer, as conflict between ethnic groups continue to create insecurity in the North and West regions of the country. Pray for peace and wise leadership during this time.

Liberia – Please pray for our partners in Liberia as they find ways to serve the vulnerable people in the country. Pray for the people’s safety as ritualistic killings, violence, and prejudice still happen, and for the government that God’s guidance and wisdom would be upon them as they make decisions.

Lebanon – Our partners in Lebanon are asking for prayers for their staff’s health and protection, as the COVID-19 cases increases in the health centres they work in. Pray also for their Beirut response that it’ll be successful and they will be able to reach out to those who are affected by the tragedy last August.

India – Our partner in India has felt personal loss as they continue to seek to be a beacon of hope to the most affected by COVID-19’s impact. Please pray for their health and safety, and that all their planned response programs will be funded and implemented so they can help the most vulnerable in this time of great distress.

Thanksgiving – Despite all the things that’s happening all over the world, God remains faithful and we have hope in Him. We give thanks to the Lord for everything that He has done, for all the projects that we’re able to do, and to all the lives we’re able to impact. All glory and praise to our God!
