

# Prayer Points

February 2024

“Know therefore that the Lord your God is God, the faithful God who keeps covenant and steadfast love with those who love him and keep his commandments, to a thousand generations”

Deuteronomy 7:9

**Pray for the people of Ethiopia.** In the face of recent challenges and persistent conflict in various regions, may our prayers seek divine comfort for those affected. Let's implore God's guidance for leaders so that they may pursue solutions fostering peace, stability, and the overall well-being of the nation. Together, let's uplift Ethiopia for healing, wisdom, and a transformative positive path forward.

**Pray for God's comfort in the DR Congo.** The ongoing threats of attacks, crop pests, failures, and poverty have left many in the grip of anxiety, depression, and despair. Pray for God's comforting presence and for local churches to shine as beacons of hope. Pray for pastors and counsellors to be empowered by the Holy Spirit, providing compassionate assistance and wisdom.

**Pray for the people and communities in India.** We give thanks to God for His work in our programs in India! We are grateful for the bountiful harvest of the farmers among the communities we serve. But let's lift prayers for the overall well-being of these communities, that they may be liberated from the constraints of unfounded beliefs. Please also pray for EFICOR, our local partner in India, and their ongoing projects. May our partnership with them continue to flourish and strengthen through prayer.

**Pray for the farmers in Kenya.** Thank God for the much-needed rains in Kenya following a prolonged drought. Let's join in prayer for abundant crop growth, ensuring sustenance for the farmers and their families. Additionally, lift up prayers for the churches in Kenya as they play a vital role in supporting the community through our Church and Community Transformation program.

**Pray for Tanzania.** Pray for the restoration of global supply chains and a reduction in inflation. These challenges have placed substantial burdens on the most vulnerable individuals in Tanzania, making it difficult for them to afford even basic necessities. Let's seek God's providence for them and pray that the local church becomes a steadfast beacon of hope in their lives.

**Pray for guidance for our ongoing Impact & Innovation Conference in Kenya.** Our team, along with international partners, has come together for mutual learning. Our national leaders designed the curriculum to enhance the implementation of Church-based community transformation, agriculture, savings groups, humanitarian aid, and creation care methodologies. Please pray for God's guidance and wisdom to lead the conference and that His presence remains palpable throughout.
