“When you pass through the waters, I will be with you; and through the rivers, they shall not overwhelm you; when you walk through fire you shall not be burned, and the flame shall not consume you.”

Isaiah 43:2

Ethiopia – Civil unrest and violence are creating a danger in many regions of Ethiopia. After effects of drought are raising water prices higher than most families can afford. Heavy rain following dry periods leaves the land at risk for flash flooding.

Pray for:

- access to clean drinking water
- safety for those living in conflict ridden areas and places at risk for flooding
- resources for crowded camps taking internally and externally displaced families

DR Congo – Ebola cases continue to rise. Tearfund’s local partner, Communauté Baptiste au Centre de l’Afrique (CBCA), is working to prevent the disease from spreading and support affected communities.

Pray for:

- healing for those who contracted Ebola
- wisdom, strength, and endurance for local churches, our CBCA partners, and healthcare workers
- peace for those who have lost loved ones

India – Heatwaves are putting stress on people’s agriculture and income in farming areas. In cities, the number of people lacking clean water and stable housing continues to rise.

Pray for:

- access to clean water and basic needs
- for farmers whose crops, livestock, and income are threatened by the intense heat

Kenya – Kenya will likely be affected by El Nino throughout the coming months. Being at risk for intense flooding, damage to infrastructure and farming disruptions are expected. Costs of living in Kenya are also continuously rising disproportionately to wealth.

Pray for:

- farming practices to minimize crop damage with weather changes
- for families facing rising food costs to have enough to eat
- protection from expected flooding

South Sudan – Over half the population faces food shortages, and many children are vulnerable to malnutrition. Years of government neglect, nearby conflict, and an influx of Sudanese refugees leave the country in an economic crisis.

Pray for:

- smooth distribution of emergency food purchased with the support raised on Amaze Day
- wisdom and guidance for local churches and community leaders
- improved governance and systems that help the country recover from overwhelming inflation
